

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

MINUTES

OF THE

BOARD OF PROPERTY

AND OTHER REFERENCES

TO

LANDS IN PENNSYLVANIA.

EDITED BY
WILLIAM HENRY EGLE, M. D.

[Owing to the fact that some of the Minute Books of the Board of Property are not to be found in the Land Department, the disconnected record will be accounted for. We give such transcripts from the Caveat Books, however, as may possibly supply the hiatus in the proceedings of that office. So important are these, that their incompleteness is to be regretted.]

INDEX TO VOLUME I.

[It has been deemed best to simply furnish an index of all surnames recorded in these minutes. In the case of the Commissioners and Surveyors whose names are mentioned on almost every page, the word "general" has been affixed.]

PENNSYLVANIA ARCHIVES.

THIRD SERIES.

VOL. II.

PRINTED UNDER DIRECTION OF
WILLIAM FRANCIS HARRITY,
Secretary of the Commonwealth.

EDITED BY
WILLIAM HENRY EGGLE, M. D.

MINUTES
OF THE
BOARD OF PROPERTY
AND OTHER REFERENCES
TO
LANDS IN PENNSYLVANIA.
INCLUDING
PROPRIETARY (OLD) RIGHTS.

EDITED BY
WILLIAM HENRY EGLE, M. D.

[Owing to the fact that some of the Minute Books of the Board of Property are not to be found in the Land Department, the disconnected record will be accounted for. We give such transcripts from the Caveat Books, however, as may possibly supply the hiatus in the proceedings of that office. So important are these that their incompleteness is to be regretted. A portion of the Record of "Old Rights" is also given.]

INDEX TO VOLUME II.

[It has been deemed best to simply furnish an index of all surnames recorded in these minutes. In the case of the Commissioners and others, names of whom are mentioned on almost every page, the word "general" has been affixed.]

GENERAL INDEX TO VOLUMES XI-XXVI.

PRINTED UNDER DIRECTION OF

W. W. GRIEST.

Secretary of the Commonwealth.

EDITED BY

GEO. EDWARD REED, LL. D.

PREFATORY NOTE.

[The Indexes of Volumes I-X, inclusive, were prepared under the direction of William H. Egle, M. D., and appear in the respective volumes of the series. As the remaining volumes, XI-XXVI, inclusive, which were published under the supervision of the same editor, were without indexes, it has been deemed advisable, for the sake of convenience, to bring together the indexes of the first ten volumes, and to republish the same, accompanied by a general index of the remaining sixteen volumes, a work of enormous labor and yet one without which the value of the series would be very greatly impaired. In the final volume of the series appears a supplemental index of names omitted in the preparation of the General Index.

GEORGE EDWARD REED, Editor.]
